

# Empty Bin & Ladder Trailers

**Model TR-900**

**Model TR-600**

## TR SERIES

The TR-900-3 & TR-900-4 Empty Bin Trailers are designed to transport empty bins to the field for use with four wheelers and ATV's. The three & four bin capacity trailer is equipped with 955 lb. capacity torsion flex axle. Standard equipment includes: two 530 x 6 6-ply tires, 955 lb. capacity torsion flex axle, and a 2" ball hitch.

The TR-600 & TR-600HD Ladder Trailers are designed to carry up to 36 ladders. Standard equipment includes: torflex axle equipped with new tires; tie down loops and a 2" ball hitch. The heavy duty version incorporates the same features found in the standard version with the exception that it includes a heavy duty torsion flex axle, new 225 x 15 tires, and fenders.
